Bachelor's Degree in Computer Software Engineering
2006 – 2011

LANGUAGES

- Ukrainian: native
- Russian: fluent
- Italian: advanced (C1, self-assessed)
- English: B2, daily use at work

SUMMARY

Software Developer with 3+ years of commercial experience in web development, working across the full stack. Builds features with Angular 18, TypeScript and .NET, from the UI to REST APIs, databases and automated tests. Analyzes existing code and requirements and plans the work for other developers. Experienced in web accessibility and in international Agile/Scrum teams. Technical background with two Bachelor's degrees and a strong interest in visual design and UX.

WORK EXPERIENCE

Software Engineer / Full-Stack Developer — May 2023 – Present

Intré (consulting company), Italy · Angular 18, TypeScript, .NET, REST APIs, SQL, PostgreSQL, Jira

- **Client Namirial, digital signature platform (current):** full-stack work in Angular 18, TypeScript and .NET: frontend features, REST API endpoints, business logic, database operations and tests.
- Since early 2026, analyze the existing codebase and requirements, define what needs to change and how, and write the Jira tasks for other developers.
- On this project I work daily in an international Agile/Scrum team across Italy and Austria, in English. I use Claude Code, GitHub Copilot and Codex to speed up development, reviewing and validating all generated code.
- **Siemens, energy sector (earlier project):** full-stack development with Angular and Java/Spring Boot; Docker, Linux, Redis and RabbitMQ.
- **RGI, insurance sector (earlier project):** frontend only: Angular and TypeScript UI components; developed and maintained E2E tests.

Frontend Developer (training program) — 2022 – 2023

Mate Academy · JavaScript, React, Redux, TypeScript, HTML, CSS, Sass

- Built and modified websites and web applications with reusable components, working from product requirements; took part in code reviews and fixed defects.
- Projects: landing pages for MyBiKE and an eco-cosmetics shop, a 2048 game, a React to-do app.

Self-Employed Graphic Designer — 2019 – 2021

Freelance · Shutterstock · Adobe Illustrator

- Created illustrations, logos and graphics to client requirements, and managed drafts, schedules and deadlines.

CERTIFICATIONS

Certified Junior Angular Developer · Certificates.dev — January 2026
certificates.dev/angular/certificates/a0ed03af-c593-456d-8442-604351a7048c

DevOps Essentials · Coursera — August 2026
